Hoar Cross Hall, hidden away in the heart of the Staffordshire countryside, has been renovated in grand style. The modern facilities of the health spa have been carefully blended into their surroundings. This listed building has all the facilities of a four star hotel; the interiors are splendid, with their fine antiques and paintings. A Jacobean staircase leads to 88 individually appointed en-suite bedrooms. Delegates dine in either the traditional dining rooms with gilded chairs and high ornate ceilings, private banqueting rooms or the more informal Plantation Restaurant overlooking the pools. If you are interested in booking any **spa treatments** (details on the website) please do so **at least 3 weeks in advance** by telephoning Spa Reception on 01283 575747.

**Please note: This course is MANDATORY**
