

## Planning for Next Year

Topics that we have agreed to do:

- Substance Misuse
- Haematology
- Orthopaedics – Mr Cresswell (upper limb)
- Orthopaedics – Arthur Stephen (knee)
- Crisis
- Paediatrics (General)

### Action:

Ask Sarah to book Consultants for the above sessions for the preliminary large group dates for September/October.

The further planning will be done by the small group

### E-Portfolio

JE reminded the group that it was important to enter a relevant statement in the 'what have I learnt' box, when completing log entries. He also reminded the group that trainers need to link competencies with some evidence when completing their review.

### Review of Hospital Posts

Feedback of Obs & Gynae, Paeds, A&E, Psychiatry and Medicine was completed. Individual reports will be forwarded to Sarah.
